To United Nations World Interfaith Harmony Week Prize Committee

It was a pleasure for me to be a part of World Interfaith Harmony Film Festival. I believe movies can be much more than only entertainment as they have the power to unite all of the people in the world and this festival has done just that! It was beautiful to see a festival that united people of different religions under one roof. To my surprise, that "one roof" included Jewish Cultural Center (Skirball Center), Muslim Cultural Center (Iman Cultural Center - Temple, as well as Christian Interfaith Center (Village Church). It was truly inspirational to see how everyone came together to make this festival happen. I was pleased to have a Q&A with amazing audience and meet young filmmakers.

SpiritClips, Hallmark Company, makes inspirational films and it was only natural for us to support this wonderful festival and be one of the sponsors by providing over twenty films to be screened for free on Children's day, Feb 9, 2013. Renee De Palma, the founder of the festival did put her whole heart into this festival and it showed. It was a pleasure for me to meet and work with Renee De Palma and Midge Detro. They were not only wonderful organizers but wonderful people as well, who are trying their best to spread love and kindness in this world. I think it is very important to appreciate and cherish the job they do. I plan to support them in the future, and hope you will as well.

Kind Regards
