Poster painting competition was held in connection with world interfaith harmony week” on February 1, 2013 above mentioned competition under the kind control peace environment cc pirmahal at the city college of technology pir mahal.

Firstly the logo of faith was introduced by the co-ordinate of control peace environment cc pirmahal. Then the purpose of poster painting frosting and interfaith harmony was also introduced.

In this introduction co-ordination of control peace environment cc

pirmahal explain that the population is the major problem of the world. And we can say it TERRIST also as he effect the people with out any discrimination. Student prepared some wonderful painting based on the environment forestation pollution and Holy Places of different religions at least students and staff participants wrote there their comments on this program.

The total number of the students was 337 out of

337. 61 students participated as a poster painter's .in closing the contact number of the whole participant ware collected for further communication.

For this we are introducing software for awareness of inter faith harmony.

At the end nasir mehmoood saleemi special thanks for the principal, staff and the students of The city college of Technology Pir mahal.
