To whom it concerns

Regarding: **THE INTERFAITH CENTRE OF MELBOURNE**

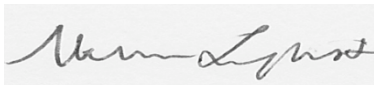

I am more than happy to vouch for this organization. I have worked with the Interfaith Centre from the time I was Director of the Jewish Museum of Australia and Helen Summers presented a performance of *A Shining Example: The Golden Age of Spain pre 1492* as part of the Museum's Festival of Jewish Music.

We also worked together on the Arts and Culture Committee for the Parliament of World Religions in 2009 when we presented an exhibition among other cultural programs. Helen Summers chaired this committee and hence made a major contribution to the success of the Parliament in Melbourne. I also had the privilege of attending one of the services led by the Interfaith Centre at the Parliament.

Since then, in the course of my involvement in Interfaith activities, I have had many dealings with Helen Summers, who works tirelessly to bring together people of different faiths, to build bridges of understanding.

The Harmony Week events have been championed and presented by the Interfaith Centre of Melbourne and have brought people of all faiths together in Harmony, as the date intended.

Yours sincerely
