World Interfaith Harmony Week Prize Committee,
The Royal Aal Al-Bayt Institute For Islamic Thought,
Jordan

The Southern California Committee for a Parliament of the World's Religions (SCCPWR) has been in existence since 2007 and has been an important presence in the interfaith movement all these many years. Through their many endeavors that have included workshops, meditation groups, and special speakers they have been integral to peace making in the public square in Southern California.

As part of their ongoing work they strive to be inclusive of the many faith and religious traditions that reside in the Southern California Area. Their integrity to their Mission Statement is matched only by their courage by being a positive force for the good in all whom they embrace and in all that they do....

With all Best Wishes,

The Reverend Canon Dr. Gwynne Guibord
President
