World Interfaith Harmony Week Prize Committee,  
The Royal Aal Al-Bayt Institute For Islamic Thought,  
Jordan

I am writing to enthusiastically endorse the work of the Southern California Committee for a Parliament of the World's Religions. (SCCPWR)

My name is Nirinjan Singh Khalsa and I am the Executive Director of the California Sikh Council.

The Southern California Committee for the Parliament of the World's Religions has worked hard since its inception to promote the work of the Parliament and garner support for its efforts, concepts and practices.

They are visible and active at interfaith activities and events throughout southern California.

They have hosted numerous interfaith events assisted in the support of others and are always available to help promote interfaith co-operation and communication.

The members of the committee are all well recognized, respected and well established representatives of their faith communities.

Most sincerely,

Nirinjan Singh Khalsa
