

The Bethe Foundation recommends and supports the activities of the art project **Angel of Culture** in the Middle East.

The big LandArt realization at the Tent of Nations in the Westbank is of outstanding importance. Without any word it underlines the need for a peaceful solution in the region and gives people from all over the world the opportunity to express a vision of unity in diversity.

The Bethe Foundation is supporting - inter alia - projects which are dedicated to the reconciliation between Jews, Moslems and Christians.

Roswitha and Erich Bethe
