Letter of recommendation

From the 6th to the 17th of February a group of pupils of the business vocational school in Leverkusen visited the "Tent of Nations" of the Christian Palestinian Daoud Nassar near Bethlehem. We took part in the production of the 30-metre-symbol "Angel of Culture" together with the artists Gregor Merten and Carmen Dietrich.

All participants were impressed very much by the groundbreaking peace project and particularly the establishment of this peace symbol "Angel of Culture" on the 42-ha-vineyard which shows for us an impressive sign of hope for peace in the Middle East which is absolutely necessary of our opinion.
