

Unity through Diversity - Feb 2016 Event

Testimonials

I attended the Unity through diversity seminar organized by Madina Seminary at UFT on Friday and presented by Shaykh Ibrahim Hussain.

Shaykh Ibrahim shared with us some of the key ingredients that can unite a diverse city like Toronto. He beautifully explained it to the audience that one should not hate anyone and that it is love that can unite people together through diversity and it is really a blessing that we live in a multicultural society and being united is the one of the ways one can foster personal growth and success. "People are of two kinds. They are either your brothers or sisters in faith or your equals in humanity"

Brother Shebaz played fascinating guitar instrument and captivated the entire audience with beautiful Islamic nasheeds.

I found the seminar a great learning experience and very relaxing and comforting.

Shaikh Ibrahim ended the seminar with a beautiful dua for everyone.

I encourage brothers and sister to please attend upcoming Madina seminars or course to take advantage of the knowledge it offers as they are a tremendous benefit of knowledge.

– Fazal Raza

The Unity through Diversity event was wonderful. Shaykh Ibrahim provided thoughtful insight into religious tolerance within the religion of Islam, and also opened the floor for an interactive discussion. Additionally, the overall atmosphere of the event was welcoming and comforting. – Shahbaz Amaddeo

As the program started, there were featured songs played by Shabaz Michael Amaddeo; which were outstanding. It portrayed an image of human desire for seeking truth of the almighty. The event finished off with an exceptional lecture by Shaykh Ibrahim. It inspired me to understand how diverse our planet is, but to also see how close we are in terms of our humanity. - Teresa
