

***The translation into English of the
Letter of Support from Tetuan District Town Council (Madrid, Spain)***

From Tetuan District Town Council (Madrid) we want to recognize and thank the Casa Turca of Madrid and Arco Forum for the work they have been doing for many years by implementing *the Three Cultures Concert* at our Eduardo Úrculo Cultural Centre.

As councillorship, our appraisal of *the Three Cultures Concert* is that it contributes with inestimable values to our community as with acceptance, coexistence, respect and comprehension of cultures and beliefs. In a polarized society that hardly leaves place for dialogue and sound knowledge of diversity which, on the other hand, inherently exists, these values are much needed to understand each other and to live in peace.

There is no need to emphasize the musical richness, but we do want to point out the atmosphere shaped by diversity and harmony which in our city is unique among other local and private cultural events. The Concert turns out to be a moment of community and encounter of people who usually do not come together in everyday life.

It is for these reasons that we have been acknowledging the use of the Joaquín Rodrigo Auditorium for the *Three Cultures Concert* to take place at our Eduardo Úrculo Cultural Centre and we will do so as long as it is in our power and we have the consent of the associations Arco Forum and Casa Turca.

Lastly, we wish to extend our warm congratulations to both associations for their initiative and important contribution to society.
