

Greetings of Peace,

I support the proposed **World Interfaith Harmony Week**. It is Islamic because Islam preaches cooperation among and with all communities without worshipping what they worship. This is evident in such verses that prohibit insulting what others worship besides Allah; Suratul Kafirun that distinguishes between idols of worship and Allah; Suratul Baqarah that prohibits compulsion in religion or way of life; and generally verses that emphasize the brotherhood of the human race.

May Allah guide you all.

Yours in Islam
