Every year Arco Forum and Casa Turca Madrid organize the *Concert of the Three Cultures*, a musical event which seeks to promote values of respect, tolerance, peace and dialogue among different cultures. In February 2018, the concert took place in two scenarios: at Centro Cultural Eduardo Úrculo (Tetuán district Madrid) and at Basilica La Milagrosa. The event was also supported by Unesco Getafe, Tetuán Municipal Council, Sefarad Israel Centre, Masorti Bet-El Jewish Community, Nuestra Señora del Buen Suceso Parish and the Foro Abraham.

The *Concert of the Three Cultures* is an excellent candidate for the World Interfaith Harmony Week Prize, and I wish to recommend its nomination in order to recognize its intercultural peace-making values
