## CONCLUSION

It was a wonderful and learning experience for me and my organisation members while conducting the United Nations World Interfaith Harmony Week event, seminar and meal. This programme/platform took me through various phases of project development and gave me a real insight into the world of love and peace especially Interfaith Harmony. The delight of working and the excitement involved while tackling the various problems and challenges gave me a feel of initiators hard work.

It was due to WIHW I came to know how to regard other religious communities and I also learn how to implement religiosity without being extremist.

Well, I got pleasure from each and every small piece of work I had put into the WIHW celebration. I would like to continue to celebrate and promote the beautiful message of WIHW every year in fact throughout the year. God Willing.

***IMPORTANT: Amna Shafi Foundation has invited the electronic and print media but due to their other preferences they couldn't reach on given time, that's why unable to share links to media reports. Alas!***

# **TESTIMONIALS AND REFERENCES OF DISTINGUISHED GUESTS ABOUT EVENTS**

## RECOMMENDATION AND THOUGHTS ABOUT AN EVENT

I have attended an event on 4-Feb, 2017 with the attractive and loving theme of MUQADAS RABBT [SACRED CONNECTION]. Amna Shafi Foundation has conducted the UN World Interfaith Harmony Week event and brought all religions likewise Muslims, Christians and Hindus on one forum. I appreciate her courage that she organised such a sensitive event in current situations of our Pakistan.

I was invited as a speaker and I observed that day the every other religion was excited and happy with each other to meet in one platform. I am grateful to World Interfaith Harmony Week, this program collect nations without creed and religious barriers every year with responsibility and love.

I met Samra that day and she is very impressive personality. She is humbled and caring. Her devotion and dedication are moderately priceless towards religions and people. Her foundation goals are high. I highly recommend and prefer her for the prize. If she wins the prize definitely she wins the heart of poor beggar children and poor girls because she is struggling continuously to provide them with an honest livelihood.

I really wish her very best luck.

Thank you.

## OBSERVATION AND PREFERENCE

To Whom It May Concern:

The last programs conducted by Amna Shafi Foundation (ASF) to celebrate the UN World Interfaith Harmony Week were excellent. I was invited as a guest in an event on 04-Feb-2017 and as a speaker in a seminar on 22-Feb-2017. A large number of concerned persons from different walks of life attended those activities, where the message of Interfaith Harmony was delivered very effectively. These were beautiful events and the efforts were appreciated by the participants to the great extent.

I am pleased to recommend/prefer Ms. Samra Khan, CEO Amna Shafi Foundation (a Non-Governmental Organisation), working for Interfaith Harmony, child protection and women empowerment.

I know Ms. Samra Khan keenly because she was my student in Msc. Social Work, University of the Punjab (2009). She is a very responsible person, who combines exceptional natural ability with a willingness and eagerness to learn. She is a skilled, qualified and result oriented person, able to work under any environment confidentially. Her organisation, Amna Shafi Foundation is delivering excellent services.

I wish her best of luck for future.

Should you have any questions, please feel free to contact me.

## Views and Recommendation

I was invited as a speaker by Ms. Samra Khan, Chairperson of Amna Shafi Foundation, on the conducted event for United Nations World Interfaith Harmony Week. To celebrate the UN World Interfaith Harmony Week in existing scenarios of violence and threaten in our country is a concrete step towards peace and harmony. Ms. Samra Khan and her team took an initiative to bring people from all religions and sects under one roof. Such programs or events should be continued and conducted on annual basis.

I also would like to prefer her competing for the prize. She is a talented and result oriented girl. She takes initiatives with very care and devotion. I know her from last two years. She was my member of staff.

I wish her good luck.

Thank you.

## Consideration and Reference

I have attended an event “Muqadas Rabbt- Sacred Connection” on 4<sup>th</sup> Feb 2017 at Children Library Complex, Lahore and I was invited to a seminar as a speaker on 22 Feb 2017 in Gender Studies Department, University of the Punjab, Lahore, and the theme of the day was “Inner Peace is Spiritual Peace”. The both amazing events were organised by Ms. Samra Khan, CEO Amna Shafi Foundation to celebrate the UN World Interfaith Harmony Week.

*It is my pleasure that I was the part of these events. I felt something different during that celebration days, being a Christian I shared my realities and what is my faith because the Bible has a lot to say about peace. Jesus is called the “Prince of Peace”, (Isaiah 9:6). Paul refers to “the God of all Peace”, (Romans 15:13, 33; Galatians 6:16). The term Peace is often used as a greeting and a benediction (see Luke 24:36). So, what exactly is Peace, and how can we have an “Inner Peace”? Like many people, I lived my life for a lot of years failing to understand Inner Peace is a choice. I am not sure, what I thought. Perhaps, I didn't believe anyone could feel a lasting peace inside. I did know that my own feelings of peace were always transitory.*

Well, I know Ms. Samra Khan more than a year; we had worked together on a project. I strongly refer her to compete for the prize because she really deserves. She is talented and has a great vision of religiosity and respect for others. She writes Divine Love poetry, how beautiful heart she has.

I wish her best luck.

Thank you.

## **RECOMMENDATION LETTER**

This is to acknowledge that Samra Khan has been my student for the subject, Pakistani Society and Culture and I also supervised her research thesis in M.Phil Sociology.

I have known Samra Khan for more than three years as a student of the University of the Punjab, Lahore and Bahauddin Zakariya University, Multan. I have always found her to be a young and enthusiastic, hard worker taking a keen interest in academics as well as professionals.

Samra Khan was an outstanding student with an aptitude for easily assimilating concepts. She is keen to strive for perfection and curious for new ideas in the field of research and development. Currently, she is running her foundation namely, AMNA SHAFI FOUNDATION with great devotion. She recently conducted events for UN World Interfaith Harmony Week 2017 with love and dedication.

In the light of above-mentioned credentials, I am confident that Samra Khan will qualify her selection for the prize. I am sure that she will be a good feedback for our country with a wider perspective to save humanity. She is poetess and writes sacred pieces of poetry. Muqadas Rabbt is her upcoming poetry book name. She has the knowledge of Islamic history.

So, I strongly recommend her and her foundation competing for the prize in your organisation. I wish her success and pray for the bright future.

## Letter of Recommendation

Ms. Samra Khan is one of among highly ethical and professional people I came to know during the course of my professional experience. I got a chance to work with her during a survey that National Rural Support Programme (NRSP) conducted for Pakistan's largest social safety network AKA Benazir Income Support Programme (BISP) in 2010. She was our main trainer for the survey teams and our team lead for Johar Town and Township areas of City District Lahore. I was really impressed by her understanding of poverty scorecard (questionnaire for the survey), quality of the training she imparted to the enumerators and the response rate from the respondents that she obtained.

Lately, Ms. Khan started pursuing her higher studies and now she completed her M.Phil in Sociology. This is highly appreciable that besides her full-time engagement in her studies she wants to bring a change in the Pakistani society and community around her. A continuation of her ambitions turned into the establishment of her new not-for-profit organisation namely Amna Shafi Foundation (ASF) which aims at uplifting poor women entrepreneurs and finding new avenues for their production. Besides she is also working on promoting education for street beggar children whom parents cannot afford their education and at the end, they insisted on becoming beggar their children.

To me, these are highly commendable efforts from a lady in our male dominant society. I wish her best of luck in her future endeavours and would like to recommend and wish her for competing for the prize of UN WIHW - 2017. I feel that she will be a valuable addition to the competition of the current year. I am hopeful that the winning of this prize your organisation will ultimately help her; polish her skills and achieve her goals and objectives to bring any positive change in the society of Pakistan.

In recent times she is conducting academic workshops and seminars at different places and universities across Punjab, Pakistan.

Finally, thanking you in anticipating and also I would like to thank the Judges and management for considering her submission and providing her with an equal opportunity to be a part of this prize selection. I wish you and all the participants of your organisation who will be a part of this prize competition.

Thank you
