

## Group Taimako

### Members in charge of administration

#### Vice president of the group

Tel : (+227) 90-17-11-79

Niamey, the 05<sup>th</sup> January, 2017

**Ms. Abdou Gado Mariama** is the principal founder of Group Taimako. She is very dynamic and innovative.

In December 2014, during a meeting organized by her ownself, she proposed us to gather and create a humanitarian group which will firstly act in three sectors :

1. Clothing : by collecting and distributing clothes to people in need during the cold season.
2. Health : by helping patients with low social level to achieve their medical treatments. And organizing regular blood donations at the National Center of Blood Transfusion.
3. Alimentary : by collecting, buying and distributing rations to the needy people during Ramadan.

We've all been captivated and interested in her project that we all accepted to form this group. At our beginning, we were fourteen (14) members organized in 14 posts. As deserved, **Ms. Mariama** was placed as President of the group. A role that she brightly achieved ; always motivating us and pushing us to do our best in the activities. That's why after one year of work, our group was joined by many people young and old ones and in the date of today, we are twenty-five (25) members.

I can insure you that **Ms. Abdou Gado Mariama** is an energetic and very talented person in whatever she does. If we must choose a word to describe her, we'll retain without hesitation the word "**professional**".

Love of God, love of Good and love of the neighbor are values that **Ms Mariama** has always defended through her behavior and activities.

Her aim is to spread love and hope all around her and peace is what she wants all over the world. As she often says : "We all form one big family".

It's such an honour, pride and pleasure to work with an engaged woman as her. And I believe in her capacity to contribute in community development and culture of peace.

Mr. Aboubacar T. Almoustapha , Vice president
