**15<sup>th</sup> Annual Interreligious Prayer Service for Peace and Justice Celebrating World**  
**Interfaith Harmony**  
**2/2/19, 3 PM**  
**India Center of Westchester**

I attended my first Interfaith service at the India Center of Westchester, in Elmsford on February 2, 2019 at the invitation of Charles Chesnavage, PhD, the Service Planner.

He presided over the Interfaith service and did a superb job. I liked the peaceful way he gave signals to end each representative's talk on podium with three rings of a Tibetan bowl.

It was well represented by all the faiths, one can think of. Different representatives presented their faith in their unique way- some chanted their faith's prayers, others read some part from their scriptures.

I stated about my religion, Jainism. It is a faith which many are not even aware of it. It believes in the principle of non-violence , reincarnation and Karma Theory and more, in great depth and details.

I am looking forward for the next meet under the supervision of Charles Chesnavage.
