WHAT Enlisting the power of music, the latest neuroscience findings in Entrainment and ancient wisdom of the world's spiritual practices we will guide participants into deep musical communion with each other, where they will actually *experience* their oneness and harmony in an uplifting, safe and positive environment.

WHERE Hampton Roads Virginia is home to 1.7 million people. Unity Church of Tidewater, able to seat 850 people, with will join with other spiritual communities in this area to present this event.

WHEN The first week in February.

HOW Specially written chants, spiritual inspiration from world religions and beautiful instrumental music gradually syncing biorhythms into a state of oneness and inner listening.

WHO All who attend will be the "Voices of Harmony" lead by the Composer, Guitarist and Chant Leader along with our Oberlin College trained Pianist.

WHY As Jordan's King Abdullah proposed "It is ...essential to resist forces of division that spread misunderstanding and mistrust, especially among peoples of different religions. The fact is, humanity everywhere is bound together, not only by mutual interests, but by shared commandments to love God and neighbour, to love the good and neighbour ... What we are proposing is a special week during which the world's people, in their own places of worship, could express the teachings of their own faith about tolerance, respect for the other and peace."

IN CONCLUSION We have been holding Interfaith Music Events since 2012 when we too recognized the need for understanding, community and love. It is now more important than ever to find and manifest harmony not in just our minds, we must *feel* it so that it becomes a part our being. We have the vehicle to do this. In February we will literally make Interfaith Harmony.
