

UN WORLD INTERFAITH HARMONY WEEK 2020

COME & JOIN!

Have you ever heard about – United Nations World InterFaith Harmony Week?

Once a year, the global community comes together to celebrate – diversity, pluralism and unity across cultures and religions in the world.

The two main principles for WIFHW are:

"Love of God, and Love of the Neighbor"

&

"Love the Good, and Love of the Neighbor"

We can be different in our beliefs and cultures, but when we share and talk across and in spite of this diversity, we learn and grow as people and community, and find out what unite us. The many religious values and practices from all over the world are an inspiration to a more harmonic world.

This week we look globally with a range of different events in the deanery of Kolding. Come and join some of the events – see and experience what happens when faith encounters faith in today's society.
