

[#worldinterfaithharmonyweek](#) [#unworldinterfaithharmonyweek](#) We wish everyone a Happy World Interfaith Harmony Week. From February 1 - February 7, people around the globe will be celebrating all faiths and our intentional efforts to communicate with those who practice different religions from ours. Our world will be a more harmonious and peaceful place if we all take the time to listen and learn from those who worship in ways which are not ours but which bring our neighbors closer to their spiritual selves.
